	NOT ACTUAL COLOR		DIE LINE		INK COLORS				
	This color proof is intended for general proofing purposes only. It should not be used for either PMS or CMYK color matching. The colors displayed are simulated and may not represent the actual colors or the exact color achievable on press.		 (Does Not Print)		 C  M  Y  K				
<p>Please return immediately in order to avoid production delays. Final approval of this proof is Customers responsibility. As the Customer, you assume all risks for compliance with federal, state and local packaging, advertising and label laws, regulations and rules. Customer agrees to indemnify Manufacturer and Seller and their related partners for any damages, losses, or expense as a result of printing such materials.</p> <p>IMPORTANT: Type under 5 points and thin type styles cannot be guaranteed to print legibly. Avoid reverse type under 7 points, especially over four-color backgrounds. Minimum line widths should be .25 points and reverse lines should be no smaller than 0.5 points. RGB files are converted into CMYK, which may result in color shifts. Barcodes should be preferably black. Images should be at least 300 dpi and either embedded in file or supplied as a link.</p>
